EXPERIENCE

CODSOFT (India) Feb. 2026
INTERNSHIP

- Python Programming
- Performing tasks
- Creating and deploying APIs
- Solving client-server communication issues

HOTELPRO AFRICA (Cameroon) 2024 - 2025
WORDPRESS DEVELOPER

- Website & PWA Development
- Integrations & APIs
- Deployment & Hosting
- Performance & Optimization
- Testing & Quality
- Collaboration & Project Management
- Content Management & Features
- Support & Evolution

OPTIMA CORPORATION (Cameroon) 2022-2024
FRONT-END WEB DEVELOPER

- User Interface (UI) Development
- Advanced front-end Development
- Performance & Optimization
- Back-end communication
- Client-side security
- Deployment & Tools
- Collaboration & Methodology
- Testing & Quality

DELTARHO INDUSTRIES (Cameroon) 2018-2019
IT ASSISTANT

- Support for Information System Management
- Network Setup
- Data Updates
- Software Management

RECENT PROJECTS

AUTOMATED DATA COLLECTION AND ANALYSIS PIPELINE (IN PROCESS)

Description: A continuous workflow that automatically retrieves raw data, cleans it, structures it, and transforms it into actionable metrics, without any manual intervention between each step

Stack:

- Programming Language:** Python
- Data:** Requests (sending network requests)
- Database:** PostgreSQL (DBMS), Alembic (Migrations), SQLAlchemy (Modelisation)
- Backend:** FastAPI (API REST)
- Frontend:** Streamlit (data scripts conversion into interactive web applications/UI)
- Versioning:** Git/Github (CI/CD), Github Actions
- Testing:** Pytest
- Containerisation:** Docker Compose
- Deployment:** Render
- AI:** ChatGPT
- Link:**

EDUCATION

MASTER OF COMPUTER APPLICATIONS (MCA)

Guru Kashi University - India (2025 - 2027)

Programming - Web Technologies - Databases - Data Structure & Algorithms - AI - Software Project Management - Operating Systems

WEB DEVELOPMENT TRAINING

Optima Corporation - Cameroon 2021

Web Development - Deployment & Tools - Back-end communication - Testing & Quality

BACHELOR OF SCIENCE (B.SC.) IN MANAGEMENT INFORMATION SYSTEMS (MIS)

Higher Institute of Applied Technology and Management - Cameroon 2018

Software Development - Programming - Computer Networks - Database Management - Operating Systems - Analysis - Web Technologies - OOP

WORDPRESS TRAINING

Scitis Tech - Cameroon 2015

Introduction to the Web and Setup - Getting Started with the Dashboard - Design and Customization - Plugins - Best Practices

TECHNICAL & SOFT SKILLS

- Programming
- Web Development
- Web Scraping
- Web Design
- Vibe Coding
- Debugging
- Problem-Solving
- Teamwork
- Creativity
- Curiosity and Analytical thinking
- Adaptability

WORK ENVIRONMENT

- Programming Languages:** Python
- CI/CD Tools:** GitHub
- Web Development:** HTML, CSS, JavaScript, WordPress, Bootstrap, Tailwind
- Databases & DBMS:** SQL, SQLAlchemy, MySQL, PostgreSQL, SQLite
- Backend:** FastAPI, Django
- Deployment:** Render, Vercel

RECENT PROJECTS

- **AI PERSONAL ASSISTANT (IN PROCESS)**

Description: A local AI personal assistant that provides answers based on private PDF documents that you feed into it

Stack:

- **Programming Language:** Python
- **LLM:** OpenAI Model
- **API KEY:** OpenAI Key
- **Librairies:** langchain, langchain_community, PyPDF2
- **Frontend:** Streamlit (data scripts conversion into interactive web applications/UI)
- **Data Source:** Local PDF Files
- **AI:** ChatGPT
- **Link:**

LANGUAGES

- **ENGLISH:** Lower-Intermediate (B1)
- **FRENCH:** Native Speaker (C2)

HOBBIES

- Sports
- Travelling
